 - Build an online and cash payment system

- **Art Space**
 - Developed an e-commerce website using Next JS 15, React JS 19, Typescript, Tailwind CSS V4, Shadcn UI
 - Using Zustand for state management
 - Using React Query V5 and Axios for handling API requests
 - Using React Hook Form and Zod for building functionality for all forms in system
 - Implemented an online and cash payment system
 - **Blue Dentist**
 - Developed a Dental care website using Next JS, Preline UI, Context for state management
 - Using Formik and Yup for build functionality for all forms in system
 - Build an online booking appointment with available working hours
 - Developed user profile with displaying his X-rays, medications, and related tests
 - **Fresh-Cart E-Commerce**
 - Developed an e-commerce website using React JS, Tailwind, Context for state management
 - Using Formik and Yup for build functionality of authentication system
 - Using some packages to improve user experience (react-hot-toast, react-swiper,)
 - Build an online and cash payment system
 - **Yummy website**
 - Using jQuery for Dom-Manipulation
 - Using bootstrap to build the Ui for this project
-

Courses

- **Frontend Diploma – Route Academy – Cycle 43**
 - **Job Market Requirements - RITC Mansoura University – 2023**
-

Skills

- **Tech:**
HTML5, CSS3, JavaScript (JS), jQuery, Bootstrap, Tailwind, React JS, Redux toolkit, Recoil, Next JS, Shadcn Ui, Zustand, Material Ui, Animate CSS, Framer Motion, Git & GitHub
 - **IT Skills:** Excellent Microsoft Office, Adobe Photoshop, Adobe illustrator, Adobe Premier, Advanced Search, basic of Linux OS, Canva
 - **Presentation, Communication, Leadership, Problem Solving, Analytical Thinking**
 - **Language:**
 - Arabic native language
 - English: **good**
-

Personal Information

- **Date of birth:** January 7, 2002
- **Military Service:** still student
